**Subject:** re: correction in award of Engineering Retainer Agreements  
**Attachments:** RFQEngAward\_allscores\_revised\_081215t1m.pdf

Dear Proposers,

After issuing the notice of award yesterday it was brought to my attention that one of the firms had a “Zero” in their scoring. After reviewing the score sheets it was discovered there was a formula error in the spreadsheet which caused errors in two categories.

The two categories that scoring changed was “Environmental Engineering Services – Environmental Site Assessments” and “Contract Technical Support Services – Surveying Services”. I apologize about this error. The formula was corrected and all the scoring was double checked. Please see the revised spreadsheet of scoring that is attached to this email. If you have any questions please contact me.
