EXHIBIT 9

Hello Elena,

Attached is the letter we received from Kinder Morgan after telling them of our intent to develop next to their pipeline. Included in the correspondence is their list of 'Guidelines of Design and Construction' near the pipeline. Item number 8 states " Planting of shrubs and trees is not permitted in the KM pipeline easement." The local Kinder Morgan representative was working with the city to remove the trees that are currently in the easement.

Please let me know if there is anything else you would like from us.

Regards,

Tynisha Safstrom

Hello Mike and Tynisha,

I know you two are busy with other projects but I just wanted to send a gentle reminder regarding the letter you received from Kinder Morgan. If you are able to forward it to me by end of day today that would be wonderful, if not, I understand.

Thank you,

Elena Sasin
